Gender, Politics and Communication - Google Books

The study of languages reveals a lot more than mere differences in verbal and written communication around the globe. Languages reveal a lot about a people's belief systems, political ideologies, and perceived social order – languages are a mirror into how communities see the world and how they in turn, see their individual and collective roles within it.

Does language affect gender equality?

This paper provides an overview of the debate around gender and communication and provides case studies showing the impact that media can have on the social construction of gender. See full text. Changing attitudes and behaviour Communication for Development (C4D) The approach to Communication for Development (C4D) has evolved over the years.
