Most free books on Google Play are new titles that the author has self-published via the platform, and some classics are conspicuous by their absence; there's no free edition of Shakespeare's complete works, for example.

### Hudson River Wordpress

The ridgetop, which widens considerably at its northern end, has many public and private protected areas and is not heavily populated. Its only settlement of consequence is unincorporated Cragmoor. In the past, the ridge was chiefly noted for mining and logging and a boom-era of huckleberry picking. Fires were regularly set to burn away the undergrowth and stimulate new growth of huckleberry ...

Some Native Americans called it "Mahicannittuck," or "place of the Mohicans." Dutch explorers first named it Mauritius, in honor of Prince Maurice of Nassau. But the river we know today as the Hudson is labeled the "North River" on maps and in books from the 17th through 19th centuries, and in some cases well into the 20th century.

### Hudson River name | Ephemeral New York

In the Hudson River Valley, many invasive species plague our waterways, wetlands, and uplands. These fish, plants, and invertebrates are not native to our ecosystem and cause harm, often by out-competing native species or changing habitats.

Unfortunately and surprisingly there are very few locations that are actually on the Hudson River. In the end, it came down to two locations. Both are on the river, practically down the street from each other. Venue #1 has a slightly better view. The scenery across the river is lush and I can only imagine how gorgeous it would be during the Fall.
