Crime scene investigation is the meeting point of science, logic and law. "Processing a crime scene" is a long, tedious process that involves purposeful documentation of the conditions at the scene and the collection of any physical evidence that could possibly illuminate what happened and point to who did it.

Introduction to How Crime Scene Investigation Works ...

These true crime stories are so horrific, it's difficult to believe they actually happened, or that human beings could be capable of committing such atrocities. And yet, these stories are indeed all true. Sometimes, real life is a lot grimmer than fiction. Sometimes, real life involves murder, abduction, betrayal, torture, and death...
